

PET Wine Bottles

VIP Packaging
2013/2014

The PET choice is DiamondClear™

With superior O₂ scavenging ability, VIP Packaging's DiamondClear™* technology enables longer storage of both empty and filled PET bottles without compromising the taste, quality or packaging aesthetics^.

- Up to five times† more O₂ scavenging ability than competitor products
- Stock control similar to standard PET bottle
- Up to 90% lighter than unfilled Glass Bottles#
- Compatible with aluminium ROPP and plastic Novatwist caps
- Shatterproof, UV Resistant, 100% recyclable
- Also available in MonOxbar™ PET
